課程內容	In this class, the instructor will teach something fun about the cultural differences between the East and the West. The learners will learn how to avoid cultural misunderstanding and be a better communicator when visiting a foreign country in the future. The learners will also have a discussion about the cultural difference they've found in their experiences and share the story to the class.	In this class, the instructor will introduce several types of news and to teach how to get the core information from the news. The learner will learn how to read English news and share the information with the others. The instructor will also teach the learners of how to find out the key points in a story. How to use and identify the adjectives to make stories better and to have the learners to use the adjective in speech and writing.	In this class, Tt and Ss will discuss the problems that they might have when using English to teach their course to students. Tt will introduce different methods of EMI teaching to deliver trainings and how to deal with students with basic knowledge of English language. Tt will also introduce the learning style between Taiwan vs. Western education and find the effective teaching method in	In this class, Tt will share experiences of how to create different in-class activities that Ss could use in their own lectures. Ss will also have an opportunity to create their own lesson plan and activities that they will be doing in classes. Ss will share their lesson plan and discuss which ones will be effective to use in their own lectures.
